Mrs. Sandra McMahon, Counselor

Points of Pride

- A caring, positive, and interactive counseling and building staff.
- Renewed N.C.A. accreditation in 2009
- 100% of Renton staff is highly qualified according to both federal and state standards.
- Our school boasts many successful girls and boys athletic programs.
- Renton also has a successful band program that represents 1/3 of our student population. Since the 2008-2009 school year, our bands have placed division 1 & 2 in solo and ensemble. The seventh and eighth grade bands also placed in division two in the annual band festival.
- Our efforts have contributed to continuous MEAP improvements across the curriculum.
- The students and staff at Renton Junior High proudly participate with local charities, such as the Good Fellows and Pennies for Patients. The students have been very successful with fundraising for those charities.
- In 2011, we produced our 10th annual talent show.
- The school has offered participation in, and produced an annual musical for 9 straight years.
- In 2009, we earned Michigan Green School distinction for our efforts in recycling and conservation and we have maintained that status.
